

Vision & Mission

AGT's vision is to become the world's leading supplier of security products, solutions and services.

Regional Presence

In the mid-term AGT wants to be present in every Middle Eastern Country with individual offices in each single country of the region. It is the ambitious long-term goal to be present worldwide.

Advanced technology does not know any barriers. AGT welcomes that.

Product Offering

The AGT offering covers prime class products, solutions and services in the field of security technology to enable its customers to take advantage of state-of-the-art, turn-key security.

Mission Statement

AGT exists to devote its time and effort to transfer state-of-the-art technology from Germany and Europe to clients worldwide with a prime focus on Middle East Countries.
